

Cape Coral, Florida  
July 24, 2006

Dear State Senator Saunders,

It was with great disappointment that we received your letter of 6-30-06 stating that you have no jurisdiction with regard to addressing (on your constituent's behalf), the likely corruption in the City of Cape Coral--specifically with regard to the utilities expansion projects in SW1, 2, & 3 and now SW4.

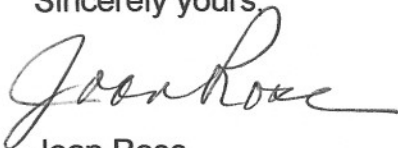

Since you are unable to assist us in this unfortunate matter, a financial contribution would be helpful.

We did note rather recently (The News Press 6-15-06), that you withdrew your candidacy for the Republican nomination for the Florida State Attorney General. In so doing, it was reported that you have a few hundred thousand dollars in your "campaign chest" and that you would like to donate these funds to non-profit groups.

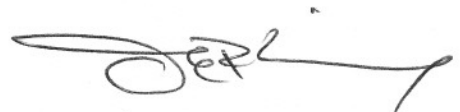

May we suggest that you donate some of the funds to the Cape Coral Watchdogs, a not-for-profit organization existing for the purpose of serving the citizens of Cape Coral.

Looking forward to receiving your contribution we remain,

Sincerely yours,
